

# NORD ARCHITECTS

is seeking talented interns

2023.05.25

NORD Architects is seeking talented and motivated interns with strong competencies within design and concept development

We are a Danish office with an international focus and reach, working with socially relevant and sustainable architecture, urban planning and client consulting.

### The position

As an intern you will be joining our skilled and experienced team, and be working with design processes in competitions, sketch proposals and design development phases. You must possess a strong passion for design, and preferably be proficient in rendering, diagramming, graphic design, and model-making.

### Skills

- Studies in architecture or other relevant studies
- Proficiency with some of the following: AutoCAD, Rhino, V-Ray, Enscape, Photoshop, Illustrator, InDesign
- Preferably strong skills in rendering, diagramming, graphic design and model-making, both 3d and physical models.
- You are english speaking and have preferably additional language skills in German and/or Norwegian

### Application

Please send your application including your CV, portfolio and cover letter to [intern@nordarchitects.dk](mailto:intern@nordarchitects.dk). Positions will be filled as soon as possible with start up in August/September. Interviews will be held as qualified applications are received.

### NORD Architects

NORD is an innovative practice, located in Copenhagen, Denmark. We design buildings, urban spaces and urban development, that take part in developing healthy and coherent communities that are intergenerational, diverse and vibrant.
